**[www.blue-h2o.com](http://www.blue-h2o.com)**

**\$850 per student**

**OR**  
**cash/check**

This **Hands-on Course** is designed to provide the facility and vessel operator with the tools and understanding to more effectively deploy, operate, configure, and understand spill response field operations. The courses are **conducted in your area** to provide students with an understanding of **local geography and response equipment**.

Students will also receive, for participation in the full class, a **Hazwoper Refresher Certificate** in accordance with OSHA (29 CFR 1910.120) Hazardous Waste Operations and Emergency Response requirements.

A Student Training Manual complete with course materials and other supplemental information and job aides will be provided to each student. Upon successful completion of the course, each student will receive a Certificate of Completion.

**This field-oriented course is presented by instructors from BlueWater & Associates, MSRC, and SoCal Ship Services.**

Topics include:

- Site Safety
- Initial Response Tactics
- Boom Deployment and Handling
- Skimmer Selection and Deployment
- Protection Tactics and Strategies
- Response Vessel Operation
- Spill trajectory effects
- Coordination with Command Post

**Compliance with:** OPA 90 NPREP and Fed OSHA 1910.120

**Target Audience:** Recommended for Oil Spill Responders, Marine Terminal Supervisors/Managers, Qualified Individuals/ Incident Commanders, and Emergency Managers.

**Duration:** Course is 3 days with 1½ days of hands on field experience

**Refresher:** Recommended Annually for Vessel and Facility Spill Responders.

See [www.blue-h2o.com](http://www.blue-h2o.com) or call at (415-492-2882 for more information on program

**Class Information Package including directions, forms, and waiver sent upon registration.**
