***Shell Oil Products Co.  
Martinez Refinery***

**0900 – 0920**

**William Uberti, Captain of the Port  
*United States Coast Guard  
Sector San Francisco***

**Status and Effects of Coast Guard Sector  
Consolidation**

CAPT Uberti will give an overview of the new organizational structure of “Sector San Francisco”, the creation of which consolidated the efforts of the Marine Safety Office, Vessel Traffic Service, and Group San Francisco, and how it will apply and improve service to the Coast Guard’s customers in San Francisco Bay.

**0920 –0950**

**Gary Gregory, Division Chief  
*California State Lands Commission  
Marine Facilities Division***

**Work Hour Limitations: Clearing The Air**

Mr. Gregory will go over the recent letter sent to the operators of Marine Oil Terminals in California regarding the work hour limitations for personnel engaged in transfer operations. Other items of interest as well as current and upcoming events will also be discussed.

**0950 – 1000**

**\*\*BREAK\*\***

**1000 – 1030**

**Dr. Michael Bittner**  
**Dean of Sponsored Projects**  
**and Extended Learning**  
**California Maritime Academy**

**Current status of MARSEC activities in California (and where the process is headed)**

Dr. Bittner's presentation will provide a snapshot of MARSEC activities focusing on California since the implementation of the July 2004 security plan requirements for Vessels, Facilities and Companies. He will be discussing several exercises which have been conducted in California ports, and a "sanitized" version of what we have learned from the experience. Dr. Bittner will also discuss state-wide initiatives to ensure the establishment of a single, uniform, rational and sustainable MARSEC policy for the maritime community.

**1030-1130**

**Dr. Laurie Dengler**  
**Humboldt State University**  
**Department of Geology**

**Background and History of Tsunami Research on the Pacific Coast;**

**Dr. Jose Borrero**  
**University of Southern California**  
**Tsunami Research Laboratory**

**Modeling of Potential Tsunami Effects on the Maritime Infrastructure of California**

Drs. Dengler and Borrero will present an overview of tsunami hazards and the risk to California and the San Francisco Bay region. They will include observations on their recent reconnaissance studies in Indonesia and lessons for the US from the Indian Ocean tsunami.

*The schedule may be somewhat flexible to allow for questions and answers; conclusion is to be no later than 12:00 noon*

*Any questions can be directed to Bob Chedsey at the Northern California Field Office by calling 510-741-4950, or e-mail at [chedseb@slc.ca.gov](mailto:chedseb@slc.ca.gov)*
