

IM2600 Series Fugitive Finder[®]

Product Introduction

The IM2600 Series Port Protector provides Port Facilities, Terminals, Vessels and Outer Continental Shelf Facilities a robust and proven mobile platform that will meet the TSA's TWIC Reader and Record Keeping Requirements for all Risk Groups in all MARSEC Levels as defined by the current TWIC Reader Notice of Proposed Rule Making.

In addition, the IM2600 comes with our patented ID Check[®] Software that instantly reads and verifies the data encoded in all US and Canadian Driver License and Government Issued ID cards. This system provides an additional layer of security by accessing over 100+ watch and/or terrorist lists as well as locally generated entry authorization lists. The handheld device also identifies fake/lost or stolen IDs.

How Can the IM2600 Series Help You?

- * TSA Quality Technology Listed
- * FIPS-201 Certified
- * Quickly Authenticates TWIC and PIV, CAC, FIXs, all US States & Canadian Province issued Drivers Licenses / ID Cards
- * Meets TWIC Recordkeeping Requirements
- * Interfaces with Access Control, Visitor Center and On-Site Database Management System
